INDEPENDENT AUDITOR'S REPORT

To the Board of Commissioners Pekin Park District 1701 Court Street Pekin, IL 61554

We have audited the accompanying modified cash basis financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of Pekin Park District, IL, as of and for the year ended June 30, 2019, and the related notes to the financial statements, which collectively comprise Pekin Park District's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the modified cash basis of accounting described in Note 1. This includes determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective modified cash basis financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Pekin Park District, IL, as of June 30, 2019, and the respective changes in financial position – modified cash basis, thereof for the year then ended in accordance with the basis of accounting as described in Note 1.

Basis of Accounting

We draw attention to Note 1 of the financial statements that describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinions are not modified with respect to the matter.

Other Matters

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements as a whole that collectively comprise the Pekin Park District's basic financial statements. The major fund budgetary comparison information, the propriety fund budgetary comparison information, the non-major fund combining statements, and the non-major fund budgetary comparison schedules are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The major fund budgetary comparison information on pages 28-31, the propriety fund budgetary comparison schedules on pages 32-33, the non-major fund combining statements on pages 34-37, and the non-major fund budgetary comparison schedules on pages 38-42 are the responsibility of management and was derived from, and relates directly to, the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the basic financial statements as a whole on the basis of accounting described in Note 1.

Management has omitted the management discussion and analysis that accounting principles generally accepted in the United States of America require to be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. Our opinion on the basic financial statements is not affected by this missing information.

Other Information

The defined benefit plan information, the golf course combining statement, the schedules of long-term debt requirements, and the schedule of taxes on pages 44-48 have not been subjected to the auditing procedures applied in the audit of basis financial statements, and accordingly, we do not express an opinion or provide any assurance on such information.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The following is a summary of the more significant accounting policies affecting the financial statement presentation.

A. THE FINANCIAL REPORTING ENTITY

The Pekin Park District (the District) is an independent unit of local government founded in 1902. An elected seven-person board of commissioners establishes policy for all facets of the District and all related organizations for which the District exercises oversight and responsibility.

The accompanying financial statements present the government and its component units, entities for which the government is considered to be financially accountable. Criteria for determining if other entities are potential component units that should be reported within the District's financial statements are identified and described in the Governmental Accounting Standards Board's (GASB) Codification of Governmental Accounting and Financial Reporting Standards, Sections 2100 and 2600. The application of these criteria provides for the identification of any entities for which the Board is financially accountable and other organizations for which the nature and significance of their relationship with the District such that exclusion would cause the District's financial statements to be misleading. Blended component units are, in substance, part of the primary government's operations, even though they are legally separate entities. Thus, blended component units are appropriately presented as funds of the primary government. The District includes Pekin Park Foundation (the Foundation) as a blended component unit. While a legally separate entity, the Foundation is included as part of the primary government, due to its governance structure and the significance of its operation and financial relationship with the District. It has been determined that there are no discretely presented component units to report.

The Foundation is a nonprofit corporation organized under the laws of the State of Illinois for the purpose of serving as a means by which park supporters can help improve and beautify the parks and expand participation in its activities through a well-defined Gifting Program and a long-term sustaining Endowment Program, in an effort to always further the spirit, culture and tradition of the Pekin Park District. Approximately \$565,000 of the Foundation's \$1,162,354 fund balance, as shown on the Statement of Assets, Liabilities, and Fund Balances, is restricted to specific park projects by donors. As such, Foundation funds are largely unavailable for daily operations. The Foundation is exempt from any income taxes under Section 501(c)(3) of the Internal Revenue Code. The Foundation is included in the District's governmental funds, and a copy of the Form 990 filed with the Internal Revenue Service can be obtained at the District's main office.

B. BASIS OF PRESENTATION

Government-wide Financial Statements

The basic financial statements include both government-wide (based on the District as a whole) and fund financial statements. The government-wide financial statements (i.e., the Statement of Net Position and Statement of Activities) report information on all of the non-fiduciary activities of the primary government. The Park District does not have fiduciary funds.

The Statement of Activities demonstrates the degree to which the direct expenses of a given function are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function. Program revenues include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function and 2) grants and contributions that are restricted to meet the operation or capital requirements of a particular function. Taxes and other items not properly included among program revenues are reported instead as general revenues.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

B. BASIS OF PRESENTATION - Continued

In the government-wide financial statements, net position is reported in three categories: net investment in capital assets; restricted net assets; and unrestricted net assets. Net investment in capital assets represents capital assets less accumulated depreciation less outstanding principal of related debt. It does not include the unspent proceeds of capital debt. Restricted net position represents net position restricted by parties outside of the District. All other net positions are considered unrestricted.

When both restricted and unrestricted resources are available for use, it is the District's policy to use restricted resources first and then unrestricted resources as they are needed.

Fund Financial Statements

The accounts of the District are organized on the basis of funds. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets and liabilities arising from cash transactions, reserves, fund equity, revenues and expenditures/expenses. District resources are allocated to and accounted for in individual funds based upon the purposes for which they are to be spent and the means by which spending activities are controlled.

Separate financial statements are provided for governmental funds and proprietary funds. Major individual governmental funds are reported as separate columns in the fund financial statements. A fund is considered major if it is the primary operating fund of the District or meets the following criteria:

- a) Total assets, liabilities, revenues, or expenditures/expenses of that individual governmental or enterprise fund are at least 10% of the corresponding total for all funds of that category or type, and
- b) Total assets, liabilities, revenues or expenditures/expenses of the individual governmental fund or enterprise fund are at least 5% of the corresponding total for all governmental and enterprise funds combined.

Governmental Funds

The accounts of the District are organized on the basis of funds, each of which is considered a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets and liabilities arising from cash transactions, fund equity, cash receipts and disbursements. The District's resources are allocated to and accounted for in individual funds based upon the purposes for which they are to be spent and the means by which spending activities are controlled.

The focus of the fund financial statements is on major funds. All major individual governmental funds are reported as separate columns in the fund financial statements. The District reports the following major governmental funds:

The General Fund accounts for the resources traditionally associated with general government, except those required to be accounted for in another fund. Revenues in the General Fund are primarily property and other taxes plus interest. Expenditures relate primarily to general administration and maintenance activities.

The Recreation Fund is a special revenue fund that accounts for the planning, establishing and maintaining of recreational programs and facilities.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

B. BASIS OF PRESENTATION - Continued

The Debt Service Fund accounts for the accumulation of resources for, and the payment of, general obligation debt principal, interest and related fiscal charges of governmental funds.

The Liability Insurance Fund is used to account for the property taxes and grant revenue received by the Park District for liability insurance expenditures.

The Pekin Park Foundation is a blended component unit of the Pekin Park District. The Pekin Park Foundation receives donations which are then used to fund park maintenance and capital projects.

The District also reports other governmental funds, which are individually non-major in total. They are the Miller Center Improvements Fund, Health Insurance Fund, IMRF Fund, Audit Fund, Police Fund, Paving & Lighting Fund, Special Populations Fund, and Capital Improvements Fund.

Proprietary Funds

Proprietary Funds are used to account for operations that are financed and operated in a manner similar to private business enterprises - where the intent of the governing body is that the costs (expenses, including depreciation) of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges; or where the governing body has decided that periodic determination of revenues earned, expenses incurred, and/or net income is appropriate for capital maintenance, public policy, management control, accountability, or other purposes. The District complies with all Financial Accounting Standards Board statements currently in effect for proprietary fund activities. The Park District includes the following enterprise funds and both are reported as major funds:

The Golf Course fund accounts for the administration, operation, maintenance, and related debt service of the District's golf facilities.

The Racquet and Health Facility accounts for the administration, operation, maintenance, and related debt service of Parkside Athletics Racquet & Health Facility.

Proprietary funds distinguish operation revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connections with a proprietary fund's principal ongoing operations. The principal operating revenues of the proprietary funds are charges to customers for sales and services. Operating expenses for the enterprise fund include the cost of sales and services, administrative expenses and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

C. MEASUREMENT FOCUS/BASIS OF ACCOUNTING

Measurement focus is a term used to describe what transactions or events are recorded within the various financial statements. Basis of accounting refers to when and how transactions or events are recorded, regardless of the measurement focus applied.

Measurement Focus

In the government-wide Statement of Net Position and Statement of Activities, both governmental and business-like activities are presented using the economic resources measurement focus, within the limitations of the modified cash basis of accounting, as subsequently defined in item (b).

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

C. MEASUREMENT FOCUS/BASIS OF ACCOUNTING - Continued

In the fund financial statements, the current financial resources measurement focus or the economic resources measurement focus, as applied to the modified cash basis of accounting, is used as follows:

- a. All governmental funds utilize a current financial resources measurement focus within the limitations of the modified cash basis of accounting. Only current financial assets and liabilities are generally included on their balance sheets. Their operating statements present sources and uses of available spendable financial resources during a given period. These funds use fund balance as their measure of available spendable financial resources at the end of the period.
- b. The proprietary fund utilizes an economic resources measurement focus within the limitations of the modified cash basis of accounting. The accounting objectives of this measurement focus are the determination of operating income, changes in net position (or cost recovery), net financial position, and cash flows. All assets, deferred outflows of resources, liabilities, and deferred inflows of resources (whether current or noncurrent or financial or nonfinancial) associated with their activities are generally reported within the limitations of the modified cash basis of accounting.

Basis of Accounting

The financial statements are presented in accordance with a modified cash basis of accounting, which is a basis of accounting other than GAAP as established by GASB. This basis of accounting involves modifications to the cash basis of accounting to report cash transactions or events that provide a benefit or result in an obligation that covers a period greater than the period in which the cash transaction or event occurred. Such reported balances include investments, interfund receivables and payables, capital assets and related depreciation, and short-term and long-term liabilities arising from cash transactions or events.

This modified cash basis of accounting differs from GAAP primarily because certain assets and their related revenues (such as accounts receivable and revenue for billed or provided services not yet collected and other accrued revenue and receivables) and certain liabilities and their related expenses or expenditures (such as accounts payable and expenses for good or services received but not yet paid or other accrued expenses and liabilities) are not recorded in these financial statements. In addition, other economic assets, deferred outflows of resources, liabilities, and deferred inflows of resources that do not arise from a cash transaction or event are not reported, and the measurement of reported assets and liabilities does not involve adjustment to fair value.

If the Park District utilized accounting principles generally accepted in the United States of America, the fund financial statements for governmental funds would use the modified accrual basis of accounting, and the fund financial statements for proprietary fund types would use the accrual basis of accounting. All government-wide financial statements would be presented in accordance with the accrual basis of accounting.

D. CASH, DEPOSITS, AND CASH EQUIVALENTS

Governmental Funds

Governmental funds record cash and certificates of deposits together and use the title "cash and deposits". Deposits are carried at cost.

For the fiscal year ended June 30, 2019, the Park District governmental funds did not have any certificates of deposits which qualified as investments.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

D. CASH, DEPOSITS, AND CASH EQUIVALENTS - Continued

Proprietary Funds

Proprietary funds use the title "cash and cash equivalents". Cash equivalents consist of short-term, highly liquid investments which have a maturity term of three months or less. Cash equivalents include savings accounts and short-term certificates of deposit. Certificates of deposit with terms longer than three months are recorded as investments. For the fiscal year ended June 30, 2019, the Park District proprietary funds did not have any certificates of deposits which qualified as investments.

E. INVESTMENTS

Investments are stated at cost, which approximates fair value. Gains or losses on the sale of investments are recognized upon realization. The Park District has adopted a formal written investment and cash management policy. The institutions in which investments are made must be approved by the Park District's Board of Commissioners. Assets of the different funds may be commingled for investment purposes and interest earnings prorated back to the various funds when recognized as revenue.

F. INTERFUND RECEIVABLES AND PAYABLES

Activity between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as either "due to/due from other funds" (i.e., the current portion of interfund loans) or "advances to/from other funds" (i.e., the non-current portion of interfund loans). All other outstanding balances between funds are reported as "due to/from other funds." In the process of aggregating the financial information for the government-wide statements, the interfund balances and activity in the fund statements has been combined and eliminated or reclassified. See Note 5 for a detail of interfund activity.

G. INVENTORIES

Inventory consists of merchandise, small equipment and vending items and is valued at cost. These inventories are stated at cost using the first-in, first-out method.

H. CAPITAL ASSETS

The Park District's modified cash basis of accounting reports capital assets resulting from cash transactions or events and reports depreciation, when appropriate. The accounting treatment for property, plant, and equipment (capital assets) depends on whether the assets are used in governmental fund operations or proprietary fund operations and whether they are reported in the government-wide or fund financial statements.

Government-Wide Statements

In the government-wide financial statements, capital assets arising from cash transactions or events are accounted for as assets in the Statement of Net Position. All capital assets are valued at historical cost or estimated historical cost if actual is unavailable.

Depreciation of exhaustible capital assets arising from cash transactions or events is recorded as an allocated expense in the Statement of Activities, with accumulated depreciation reflected in the Statement of Net Position. Depreciation is provided over the assets' estimated useful lives using the straight-line method of depreciation. The cost of normal maintenance and repairs that do not add to the value of the asset or materially extend assets lives are not capitalized. Donated capital assets are recorded at estimated fair market value at the date of donation. The cost of normal maintenance and repairs that do not add to the value of the asset or materially extend assets lives are not capitalized.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

D. CASH, DEPOSITS, AND CASH EQUIVALENTS - Continued

Capital assets are depreciated using the estimated useful life as follows:

Category of Asset	Capitalization <u>Threshold</u>	Estimated Life
Infrastructure & Land Improvements	25,000	15 - 40 years
Building	10,000	25 - 40 years
Building Improvements	10,000	10 - 20 years
Equipment	2,500	5 - 10 years
Vehicles	5,000	7 - 10 years

Fund Financial Statements

In the fund financial statements, capital assets arising from cash transactions or events acquired for use in governmental fund operations are accounting for as capital outlay expenditures of the governmental fund upon acquisition. Capital assets acquired for use in proprietary fund operations are accounted for in the same as in the government-wide statements.

DEFERRED OUTFLOWS/INFLOWS OF RESOURCES

In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then. In addition to liabilities, the statement of financial position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time.

Gift Certificates

The District administers gift certificates for several of the Park District's programs. The District recognizes a deferred inflow upon the sale of gift certificates. When those certificates are redeemed, the District removes the deferred inflow and records revenue.

Contract Payments

The District has several agreements for lease and rental of their facilities and equipment. As of June 30, 2019, the District received several payments for these agreements which will be executed in the subsequent fiscal year. The District recognizes these prepayments as deferred inflow upon receipt of the funds. When those agreements are fulfilled, the District removes the deferred inflow and records revenue.

J. FUND EQUITY

Government-Wide Statements

Net Position is classified and displayed in three components:

Net investment in capital assets. Consists of capital assets, including restricted capital assets, net of
accumulated depreciation and reduced by the outstanding balance of any bonds, mortgages, notes or other
borrowings that are attributable to the acquisition, construction, or improvements of those assets and
adjusted for any deferred inflows and outflows of resources attributable to capital assets and related debt.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

J. FUND EQUITY - Continued

- Restricted. Consists of restricted assets reduced by liabilities and deferred inflows of resources related to
 those assets, with restriction constraints placed on the use either by external groups, such as creditors,
 grantors, contributors, or laws and regulations of other governments, or law through constitutional
 provisions or enabling legislation.
- Unrestricted. Net amount of assets, deferred outflows of resources, liabilities, and deferred inflows of resources that are not included in the determination of net investment in capital assets or the restricted component of net position.

The Park District currently uses the method suggested by GASB which is to first use restricted net resources prior to the use of unrestricted net resources when an expense is incurred for purposes for which both restricted and unrestricted net resources are available. The Park District has no set policy for this allocation of expenditures.

Fund Financial Statements

Governmental Funds

In the governmental fund financial statements, fund balances are classified as:

Nonspendable - amounts that cannot be spent either because they are either (a) in a nonspendable form or (b) they are legally or contractually required to be maintained intact.

Restricted - amounts for which constraints have been placed on the use of the resources either (a) externally imposed by creditors (which as through debt covenants), grantors, contributors, or laws or regulations of other governments, or (b) imposed by law through constitutional provisions or enabling legislation. The Park District has classified property taxes as restricted because their use is restricted by state laws and regulations. The Park District also has restricted cash balances classified as restricted fund balance due to the funds being restricted by creditors.

<u>Committed</u> - amounts that can be used only for specific purposes pursuant to constraints imposed by a formal action of the Park District Board. These amounts cannot be used for any other purpose unless the Park District Board of Commissioners removes or changes the specified use by taking the same type of action (ordinance or resolution) that was employed when the funds were initially committed.

<u>Assigned</u> - amounts that are constrained by the Park District's intent to be used for specific purpose but are neither restricted nor committed. This intent can be expressed by the Park District Board or through the Park District Board delegating this responsibility to a Board member or the Executive Director through the budgetary process. This classification also includes the remaining positive fund balance for all governmental funds except the General Fund.

<u>Unassigned</u> – the residual funds balance of the General Fund and any negative residual fund balance of any other governmental fund that cannot be eliminated by offsetting of assigned fund balance amounts.

As of the end of the fiscal year, the Park District had no policy for the allocation of expenditures when all the above fund balances are available. Currently the method suggested by GASB 54 has been applied in which the amounts will first be spent out of the restricted funds, then the committed funds, then the assigned funds, and finally the unassigned funds unless the Park District Board has provided otherwise in its commitment or assignment actions.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

J. FUND EQUITY - Continued

As of June 30, 2019, the governmental fund financial statements reported fund balances as restricted due to property tax revenues received but not yet expended for their levied purposes. The restricted purposes for these balances are as presented on the face of the governmental fund financial statements.

Proprietary Funds

The difference among assets, deferred outflows of resources, liabilities, and deferred inflows of resources of proprietary funds is reported as net position and classified in the same manner as the government-wide financial statements as previously described.

K. PROPERTY TAXES

It is the District's intention that property taxes generated from the 2017 property tax levy be used to finance the operating budget for the fiscal year ending June 30, 2019. Therefore, property tax receipts represent the receipts primarily generated by the 2017 property tax levy.

Property taxes are levied each year on all taxable real property located in the Park District on or before the last Tuesday in December. The adoption date for the 2017 tax levy was December 14, 2017. Taxes attached as an enforceable lien on property on January 1 and are payable in two installments (on or about June 1 and September 1) subsequent to the year of the levy. The Park District receives significant distributions of tax receipts in each of these months. Receipts in these statements are for the 2017 and prior tax levies. The following are the tax rates applicable to the various levies for \$100 of assessed valuation for the 2017 tax levy:

	Maximum Percent	Actual Percent
General	0.3500	0.1464
Bond and Interest	As Needed	0.1260
IMRF	As Needed	0.0314
Police Protection	0.0250	0.0250
Audit	0.0050	0.0030
Liability Insurance	As Needed	0.0578
Recreation	0.1200	0.0674
Paving and Lighting	0.0050	0.0010
Special Population	0.0400	0.0400
Total		0.4980

L. USE OF ESTIMATES

The preparation of financial statements in conformity with the other comprehensive basis of accounting used by the District requires management to make estimates and assumptions that affect certain reported amounts and disclosures of assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from these estimates.

NOTE 2 - CASH AND DEPOSITS AND INVESTMENTS

A. Authorized investments

The District is allowed to invest in securities as authorized by the District's investment policy, and Sections 2 and 6 of the Public Funds Investment Act (30 ILCS 235). These include the following items:

NOTE 2 - CASH AND DEPOSITS AND INVESTMENTS - Continued

A. Authorized investments - Continued

- 1. Bonds, notes, certificates of indebtedness, treasury bills, or other securities now or hereafter issued, which are guaranteed by the full faith and credit of the United States of America as to principal and interest;
- 2. Interest-bearing savings accounts, interest-bearing certificates of deposits or interest-bearing time deposits or any other investments constituting direct obligations of any banks as defined by the Illinois Banking Act;
- 3. Illinois Funds. Any public agency may also invest any public funds in a fund managed, operated, and administered by a bank, subsidiary of a bank, or subsidiary of a bank holding company or use the services of such an entity to hold and invest or advice regarding the investment of any public funds;
- 4. Investments as authorized by the Public Funds Investments Act, and Acts amendatory thereto.

B. Custodial Credit Risk Related to Deposits with Financial Institutions

Custodial credit risk is the risk that in the event of a bank failure, the government's deposits may not be returned to it. The District's general investment policy requires all amounts deposited or invested with financial institutions in excess of any insurance limit shall be collateralized by securities eligible for District investment or any other high-quality, interest-bearing security rated at least AA/Aa by one or more standard rating services to include Standard & Poor's, Moody's, or Fitch. The market value of the pledged securities shall equal or exceed the portion of the deposit requiring collateralization.

At June 30, 2019, the carrying amount of the District's deposits with financial institutions, which includes demand deposits and savings accounts was \$1,068,338. The bank balance was \$1,133,361. As of June 30, 2019, \$1,078,069 of deposits were covered by federal depository insurance, the remaining balance was covered by additional securities held by the financial institution in the Park District's name.

NOTE 3 - INVESTMENTS

As of June 30, 2019, the Park District held the following investments:

Money Market	\$ 437,700
Total	\$ 437,700

A. Custodial Credit Risk of Investments

Custodial credit risk is the risk that, in the event of the failure of the counterparty, the District will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. The District does not have a policy for custodial credit risk. At year end, none of the District's investments were subject to custodial credit risk due to one of the following:

- 1. Investments were part of an insured pool.
- Investments were book-entry only in the name of the District and were fully insured.
- 3. Investments were part of a mutual fund.
- Investments were held by an agent in the District's name.

B. Interest Rate Risk

Interest rate risk is the risk that the value of investments will decrease as a result of a rise in interest rates. The District's investment policy does not limit investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates.

NOTE 3 - INVESTMENTS - Continued

C. Concentration of Credit Risk

Concentration of credit risk is the risk of loss attributed to the magnitude of an investment in a single issuer. Disclosures are required for any issuer that represents 5% or more of total investments, exclusive of mutual funds, external investment pools and investments issued or guaranteed by the U.S. government. The District's investment policy places no limit on the amount the District may invest in any one issuer.

D. Foreign Currency Risk

Foreign currency risk is the risk that an investment denominated in the currency of a foreign country could reduce its U.S. dollar value, as a result of changes in foreign currency exchange rates. The District had no foreign currency risk as of June 30, 2019.

NOTE 4 – COMMON BANK ACCOUNT

Separate bank accounts are not maintained for all District funds: instead, certain funds maintain their un-invested cash balances in a common checking account, with accounting records being maintained to show the portion of the common bank balance attributable to each participating fund.

Occasionally, certain funds participating in the common bank account will overdraw its share of the pooled cash account. The overdrafts result from expenditures which have been approved by the Park Board. In the event of such an overdraw, that fund will report an interfund liability in the fund financial statements to the fund that management has deemed to have loaned the cash to the overdrawn fund.

NOTE 5 - INTERFUND RECEIVABLES, PAYABLES AND TRANSFERS

Interfund loans outstanding as of June 30, 2019 are as follows:

Date	Loan from:	To:		
November 3, 2007	General Fund	Golf Course Fund	\$	7,395
June 30, 2008	General Fund	Golf Course Fund		86,385
December 31, 2008	General Fund	Golf Course Fund		26,220
June 30, 2017	General Fund	Golf Course Fund		45,928
June 30, 2018	General Fund	Golf Course Fund		104,214
June 30, 2019	General Fund	Golf Course Fund		40,948
June 30, 2017	General Fund	Insurance Fund		49,115
June 30, 2019	General Fund	Recreation Fund		34,412
June 30, 2019	General Fund	Police Fund		6,481
June 30, 2016	General Fund	Raquet & Health Fund		10,000
June 30, 2017	General Fund	Raquet & Health Fund		32,112
June 30, 2019	General Fund	Raquet & Health Fund		57,993
June 30, 2019	General Fund	Raquet & Health Fund	***************************************	7,337
			\$	508,540

NOTE 5 - INTERFUND RECEIVABLES, PAYABLES AND TRANSFERS - Continued

The following interfund transfers are reflected in the fund financial statement at June 30, 2019.

	Tra	ansfers In	Tra	nsfers Out_
Governmental funds:			***************************************	
General Fund	\$	38,400	\$	(245,998)
Recreation Fund		30,600		(125, 375)
Debt Service Fund		-		(152, 130)
Nonmajor Funds		579,905		(120, 260)
Total governmental funds		648,905		(643,763)
Enterprise funds:				
Golf Course Fund		-		(78,797)
Racquet & Health Fund		137,750		(64,095)
Total Enterprise funds		137,750		(142,892)
Total Transfers	\$	786,655	\$	(786,655)

The purposes for the above transfers are as follows:

- 1. Reimbursements from individual funds to the Health Insurance fund for employee medical and dental insurance coverage
- 2. Annual reimbursement for shared expenditures
- 3. Annual transfer of debt service payments
- 4. Transfer insurance payments to the proper funds
- 5. Transfer of bond proceeds

NOTE 6 - CAPITAL ASSETS

The following is a summary of changes in capital assets for the year ended June 30, 2019.

	Beginning			Ending
Governmental Activities	Balances	Additions	Disposals	Balances
Capital assets, not being depreciated:				
Land	\$ 5,358,469	\$ -	\$ -	\$ 5,358,469
Construction in progress	-	60,643	-	60,643

Less: related long-term debt outstanding				(849,216)
Net investment in capital assets				\$ 1,960,382

Depreciation expense for 2019 was charged to functions/programs of the primary government as follows:

Governmental Activities Park and recreation	\$ 600,761
Business-Type Activities Golf courses	\$ 98.997
Racquet and health facilities	 94,752
Total depeciation expense - business-type activities	\$ 193,749

NOTE 7 - GENERAL LONG-TERM DEBT

General Obligation Bonds

The District issues general obligation bonds to provide funds for the acquisition and construction of major capital facilities. General obligation bonds are direct obligations and pledge the full faith and credit of the District.

Expenditures and liabilities arising from long-term debt that is directly related to and expected to be paid from funds, including general obligation bonds that are expected to be retired from fund revenues, should be reported as expenditures in the appropriate governmental funds, as liabilities in the appropriate proprietary funds and on government-wide financial statements. If funds are insufficient to pay principal and interest, the payment is a contingent liability of the general government.

NOTE 7 - GENERAL LONG-TERM DEBT - Continued

General Obligation Bonds - Continued

The following is a summary of long-term general obligation bond debt transactions of the Park District for the year ended June 30, 2019:

Debt	Fund Debt Retired By:	Balance 7/1/2018	Issued	Retired	Balance 6/30/2019	Due within One Year
Series 2008A	Racquet & Health	\$ 760,000	\$ -	\$ (105,000)	\$ 655,00 O	\$ 115,000
Series 2010B	Debt Service	5,720,000	-	(145,000)	5,575,000	160,000
Series 2016	Debt Service	353,900	-	(353,900)	-	-
Series 2017	Debt Service	582,000	-	(259,040)	322,960	322,960
Series 2018A	Debt Service	-	149,475	-	149,475	149,475
Series 2018B	Debt Service		411,105		411,105	145,735
		\$ 7,415,900	\$ 560,580	\$ (862,940)	\$ 7,113,540	\$ 893,170

Bonds payable as of June 30, 2019, are comprised of the following individual issues:

- Series 2008A due in annual installments of \$85,000 to \$145,000 through December 14, 2023; interest at 3.5% - 4.75%
- Series 2010B due in annual installments of \$30,000 to \$555,000 through December 2035; interest at 2.25% 7.25%. These bonds are Build America Bonds that provide for a 35% federal subsidy on the total interest requirements of the bonds. The interest is paid to the District on a semi-annual basis corresponding with the interest payment dates to the bondholders. In the current year, the federal government sequestered 6.9% of the subsidy. The revenue is reflected as a treasury rebate in the debt service fund.
- Series 2017 due in annual installments of \$259,040 and \$322,960 through October 15, 2019; interest at between 1.35% and 1.5%
- Series 2018A due in an annual installment of \$149,475 October 15, 2019 with interest of 2.95%
- Series 2018B due in annual installments of \$145,735 and \$265,370 through October 15, 2020; interest at between 2.66% and 2.85%

Annual debt service requirements to maturity for general obligation bonds are as follows:

	2008A				2010B				2017			
Fiscal Year Ending		Principal	ı	Interest		Principal		Interest		Principal		Interest

NOTE 8 – LEASE COMMITMENTS

There are two types of leases: capital leases and operating leases. Capital leases result in the District receiving title to the asset at the end of the lease period. Under the modified-cash basis of accounting, capital lease payments are treated as capital outlay expenditures. Operating leases are treated as a rental and payments are recorded as rental expenditure. As of June 30, 2019, the District had the following leases:

NOTE 8 – LEASE COMMITMENTS – Continued

Capital Leases

Governmental Activities

The Park District has a lease agreement with Watts Copy Systems, Inc. for a lease of a copier for the Administrative Department. The lease is a 63 month lease payable monthly at \$114, paid from the General Fund, beginning March 2015. The effective interest rate for the copier lease is 0%, as the cost to purchase the copier outright exceeded the leasing option. The cumulative amount of assets acquired under the capital lease described above amounted to \$7,182 with \$3,112 of accumulated depreciation as of June 30, 2019.

The minimum future lease payments as of June 30, 2019 are as follows:

	Office Copier									
	Pr	incipal	Int	erest	Total					
2019 Fiscal Year	\$	1,368	\$	-	\$	1,368				
2020 Fiscal Year		1,368		-		1,368				
Total	\$	2,736	\$	-	\$	2,736				

Operating Leases

Governmental Activities

The Park District has a lease agreement with Neopost for a lease of a postage machine. The lease is a 63 month lease payable monthly at \$118, paid from the General Fund, beginning December 2014.

The Park District has a lease agreement with Digital Copy System, LLC for a lease of a copier for the Recreation Department. The lease is a 36 month lease payable monthly at \$234 beginning March 2015.

NOTE 9 – DEFINED BENEFIT PENSION PLAN

Plan Description. Pekin Park District's defined benefit pension plan for Regular employees provides retirement and disability benefits, post retirement increases, and death benefits to plan members and beneficiaries. This plan is affiliated with the Illinois Municipal Retirement Fund (IMRF), an agent multiple-employer plan. Benefit provisions are established by statute and may only be changed by the General Assembly of the State of Illinois. IMRF issues a publicly available financial report that includes financial statements and required supplementary information. That report may be obtained on-line at www.imrf.org.

Funding Policy. As set by statute, Pekin Park District's Regular plan members are required to contribute 4.50 percent of their annual covered salary. The statute requires employers to contribute the amount necessary, in addition to member contributions, to finance the retirement coverage of its own employees. The employer annual required contribution rate for calendar year 2018 was 9.06%. Pekin Park District also contributes for disability benefits, death benefits and supplemental retirement benefits, all of which are pooled at the IMRF level. Contribution rates for disability and death benefits are set by the IMRF Board of Trustees, while the supplemental retirement benefits rate is set by statute.

NOTE 9 - DEFINED BENEFIT PENSION PLAN - Continued

Annual Pension Cost. The required contribution for calendar year 2018 was \$142,559.

Three-Year Trend Information for the Regular Plan

Calendar Year Ending		ual Pension ost (APC)	Percentage of APC Contributed	Net Pension Obligation				
12/31/2018	\$ 142,559		100%	\$	-			
12/31/2017		151,184	100%		-			
12/31/2016		154,395	100%		-			

Additional plan information, including a schedule of funding progress, can be found in the other information section of the financial statements.

NOTE 10 - RISK MANAGEMENT - CLAIMS AND JUDGMENTS

Significant losses are covered by commercial insurance for all major programs: property, liability and workers' compensation. For insured programs, there have been no significant reductions in insurance coverage. Settlement amounts have not exceeded insurance coverage for the current year or the three prior years.

The District is insured under a retrospective-rate policy for workers' compensation coverage; whereas, the initial premium may be adjusted on actual experience. Adjustments in premiums are recorded when paid or received. During the year ended June 30, 2019 there were no significant adjustments in premiums based on actual experience. Settled claims have not exceeded this aggregate commercial coverage.

NOTE 11 - SELF INSURANCE PLANS

The Park District has elected reimbursable status with the State of Illinois for unemployment benefits. The Park District is therefore liable to the State for any payments made to any of its former employees claiming benefits. No material amounts payable existed for employment compensation as of June 30, 2019.

During the fiscal year ended June 30, 2016 to December 31, 2018, the Park District initiated a self-insurance program for health insurance. Claims were recorded in the Health Insurance Fund and funds from which the respective employees' salaries and wages are paid make a monthly transfer to the Health Insurance Fund cover the estimated cost of claims. Coverage from a private insurance company is maintained for losses in excess of individual and aggregate stop loss amounts. All claims handling procedures were performed by a third party claims administrator. Effective January 1, 2019, the Park District switched to fully insured plan with Blue Cross Blue Shield of Illinois. All claims incurred in calendar year 2019 are fully insured through that plan. As of January 1, 2019, all claims incurred in 2018 or prior and paid January 1, 2019 or after are fully self-insured by the Park District.

NOTE 12 – SUBSEQUENT EVENTS

Subsequent events have been evaluated through February 20, 2020 which is the date the financial statements were available to be issued. Events occurring after that date have not been evaluated to determine whether a change in the financial statements would be required.

Pekin Park District Notes to the Supplementary Information June 30, 2019

BUDGETARY INFORMATION

The District follows these procedures in establishing the budgetary data reflected in the financial statements. Budgets are prepared for all funds of the District.

- 1. In June, the Board approves an ordinance that directs the filing of a budget appropriation ordinance, and it sets a date for the public hearing on that ordinance.
- 2. During the summer months, the Director submits tentative budgets for board review. For 30 days prior to board approval, the tentative budget is put on public display.
- A public hearing is conducted at a public meeting to obtain taxpayer comments, prior to final action by the Board.
- 4. Prior to September 30, the appropriation is legally enacted through passage of an ordinance.
- 5. The Board can make transfers between budget items within any fund up to 10% of the total budget of that fund; however, any revisions that alter the total disbursements of any fund must be approved by the Board following the same procedures as the original ordinance.
- 6. Formal budgetary integration is employed as a management control device during the year for all funds.
- 7. Appropriated amounts were as adopted by the Board on September 20, 2018.
- 8. Appropriations are adopted for all governmental funds using the cash basis of accounting, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America.
- All budget authority lapses at the end of the year. No supplemental appropriations were adopted during the current fiscal year.

EXCESS OF EXPENDITURES OVER APPROPRIATIONS

For the year ended June 30, 2019, the District had expenditures that exceeded final budget in the following fund:

Fund	Actual enditures	udgeted enditures	Variance Over Final Budget		
Paving and Lighting Fund	\$ 15,341	\$ 15,020	\$	321	

Pekin Park District Defined Benefit Plan Information June 30, 2019

Annual Pension Cost. Pekin Park District's required contribution for 2018 was determined as part of the December 31, 2016, actuarial valuation using the entry age normal actuarial cost method. The actuarial assumptions at December 31, 2016, included (a) 7.5% investment rate of return (net of administrative and direct investment expenses), (b) projected salary increases of 3.50% a year, attributable to inflation, (c) additional projected salary increases ranging from 0.4% to 10% per year depending on age and service, attributable to seniority/merit, and (d) post retirement benefit increases of 3% annually. The actuarial value of Pekin Park District's Regular plan assets was determined using techniques that spread the effects of short-term volatility in the market value of investments over a five-year period with a 20% corridor between the actuarial and market value of assets. Pekin Park District's Regular plan's unfunded actuarial accrued liability at December 31, 2016 is being amortized as a level percentage of projected payroll on an open 25 year basis.

Funded Status and Funding Progress. As of December 31, 2018, the most recent actuarial valuation date, the Regular plan was 82.02% funded. The actuarial accrued liability for benefits was \$4,251,735 and the actuarial value of assets was \$3,487,186, resulting in an underfunded actuarial accrued liability (UAAL) of \$764,549. The covered payroll for calendar year 2018 (annual payroll of active employees covered by the plan) was \$1,573,496 and the ratio of the UAAL to covered payroll was 49 percent.

Schedule of Funding Progress

Actuarial Valuation Date	Actuarial Value of Assets (a)	Actuarial Accrued Liability (AAL) - Entry Age (b)	Unfunded AAL (UAAL) (b - a)	Funded Ratio (a / b)	Covered Payroll (c)	UAAL as a Percentage of Covered Payroll ((b-a) / c)
12/31/18	\$ 3,487,186	\$ 4,251,735	\$ 764,549	82.02%	\$ 1,573,496	48.59%
12/31/17	4,197,357	4,543,332	345,975	92.38%	1,611,769	21.47%
12/31/16	5,463,320	5,872,712	409,392	93.03%	1,656,601	24.71%

On a market value basis, the actuarial value of assets as of December 31, 2018 is \$3,004,676. On a market basis, the funded ratio would be 70.67%

The actuarial value of assets and accrued liability cover active and inactive members who have service credit with Pekin Park District. They do not include amounts for retirees. The accrued liability for retirees is 100% funded.
